

30KWp

ON-GRID ROOF-TOP SOLAR PROJECT

Annual Average Generation 39,067kWh
Total Generation 781,348kWh for 20
Years Project Lifetime
Required Area 3,000 Square Feet

Product Detail

- 30KWp Polycrystalline Solar Photovoltaic Module
- 01 Piece 30KW Three Phase On-Grid String Inverter
- Mounting Structure, Cable, Protecting & Monitoring Devices and Other Accessories will be selected according to design.
